

*FOR IMMEDIATE RELEASE*

## Twin City Fan & Blower Exhibits at Fuel and Ethanol Workshop Expo

June 22, 2022

The 2022 Fuel and Ethanol Workshop Expo in Minneapolis, MN was a great success! Twin City Fan & Blower was able to connect directly with the Ethanol producers to learn more about industry trends and what challenges they are facing in today's market. Along with the producers, Twin City Fan & Blower was able to visit with many of our OEM customers who also serve the Ethanol industry.

Many new relationships were formed throughout the show, with hospitality and friendship also revisited. We cannot thank our customers enough for their time and the opportunity! We look forward to the 2023 show in Omaha!!
